

## Workshop Fit Out

**Avanta UK Ltd successfully tendered for the equipping of a new purpose built maintenance and facilities management workshop.**

As part of a major investment the client had a requirement to equip the newly built maintenance workshop with suitable workshop storage equipment.

The tender required the design, supply and installation of quality: -

- **Mobile & static shelving.**
- **Workbenches including electrical, storage, welding and personal workbenches.**
- **Multi-drawer units.**
- **Crew lockers.**

Workshop Fit Out  
Case Study

- **Storage cabinets including workshop, general, hazardous & key cabinets.**
- **Cantilever and bar racks.**
- **General workshop equipment including vices, drill press, arc welder, flip saw, bench grinder, and tool chests.**

The main units supplied were powder coated in 2 specific blue colours to match corporate colours. Also there was a specific key arrangement with certain units being part of a suite of keys.

The installation took place in the Summer of 2014 and it is felt that the workshop is a first class facility in keeping with the Client ethos.
